Reggiani
NORTH AMERICA

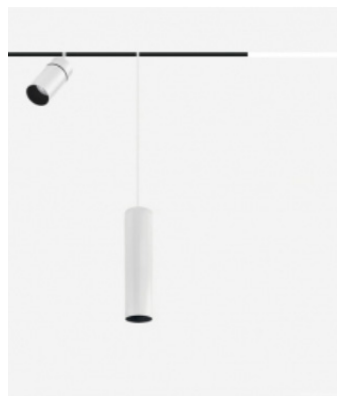

Reggiani is global brand with Italian design particularly suited for galleries. We offer lighting solutions that are high quality, functional, and affordable.

The product line includes a wide range of accent lighting solutions with high quality optics, a range of beam shaping accessories, glare control, and clean aesthetics. Low voltage and line voltage track options are available with multiple adapter styles to ensure flexibility and compatibility with any project. These products have a remarkable longevity, and they are very easy to maintain which makes Reggiani perfect for these applications.

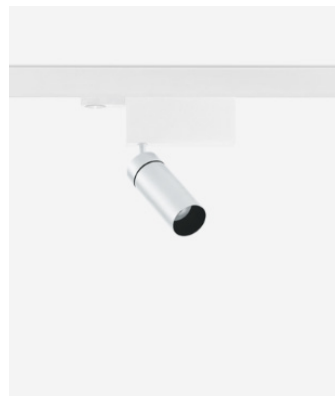

Why are Reggiani products well suited for galleries?

- Superior color rendering
- Luxury finishes
- Field interchangeable optics, filters, lenses and accessories
- Precise beam control
- Longevity and easy maintenance

IL TEATRO

THE THEATRE

Il teatro di Sarah Bernhardt (1844-1923), che si è svolta in un'epoca di grande fermento culturale, è stato uno dei più importanti del XIX secolo. Bernhardt, che ha fatto della sua arte una professione, ha dato un contributo fondamentale al teatro europeo. La sua interpretazione di Medea, che ha fatto di lei una delle più grandi attrici del mondo, è stata una delle più importanti del teatro europeo. La sua interpretazione di Medea, che ha fatto di lei una delle più grandi attrici del mondo, è stata una delle più importanti del teatro europeo. La sua interpretazione di Medea, che ha fatto di lei una delle più grandi attrici del mondo, è stata una delle più importanti del teatro europeo.

The career of Sarah Bernhardt (1844-1923), which unfolded over a period of nearly half a century, was one of the most important of the 19th century. Bernhardt, who made her profession of the theatre, gave a fundamental contribution to European theatre. Her interpretation of Medea, which made her one of the greatest actresses of the world, was one of the most important of the 19th century. Her interpretation of Medea, which made her one of the greatest actresses of the world, was one of the most important of the 19th century.
