Reggiani
NORTH AMERICA

Reggiani is a global brand with Italian design particularly suited for Residential. We offer lighting solutions that are high quality, functional, and affordable. The product line includes a wide range of applications, including recessed lighting, track solutions, pendants, surface mounted fixtures, and wall sconces that provide functional architectural lighting with a high end aesthetic. These products have remarkable longevity, and they are very easy to maintain which makes Reggiani perfect for these applications

Why are Reggiani products well suited for Residential?

- Range of optics to suit both functional and lighting needs
- Small scale and discreet trim options
- Superior color rendering
- Warm dim options: 1700K - 3000K
- Precise beam control
- Luxury color finishes
- Longevity and easy maintenance
