Replaceability instruction of light sources and separate control gears in Reggiani luminaires.

All actions taken at any Reggiani illuminazione product in order to replace light sources, separate control gear, and other serviceable parts may only be performed by a qualified electrician authorized by Reggiani.

To receive further assistance, please contact Reggiani Technical Support through the website (<https://www.reggiani.net/en/contact-us/>).

Please note that when repairability is performed by a non-authorized person, guarantee on the product is lost.

	Replaceable (LED only) light source by an authorised professional	Non-replaceable light source	Replaceable control gear by an authorised professional	Non-replaceable control gear
